# WE ARE GROWING!

## MILESTONES

**January** was an exciting start to the year with our Roundtable on Housing in Elora. Bronwynne Wilton facilitated, Mike Schreiner was a guest speaker. We were hoping for 40 people to attend, we got 70! In a snowstorm at that! Joseph Racinsky, our Conservative MPP, as well as Shawn Watters, the mayor of Centre Wellington, were some of the elected officials in attendance. We also launched official pages on socials. You can find us on Facebook at **Wellington-Halton Hills Greens** and **@whhgreens** on Instagram. Please follow us, as well as liking and sharing our posts and events.

## VOLUNTEER SPOTLIGHT

**February** kept going strong as our Young Greens leader, **Mikhail Maksymuk**, worked on our Foodbelt campaign as well as being a voice on issues that matter to **Young Greens**. He lives in Fergus and is a first year student at the University of Guelph in Geography. He was out at the Elora Farmer's Market **collecting signatures for Mike's Foodbelt bill** on his own initiative as a concerned citizen. After several weeks of his advocacy, our team asked him to join us and he kindly jumped on board. He attended protests on campus to **call on the Ford government to stop their cuts to OSAP**.

## ISSUE CAMPAIGNS

**March** saw us pounding the pavement again for our campaign supporting Mike Schreiner's Foodbelt bill. Volunteers have been out delivering flyers in Acton and Elora. We also brought together people from the Housing Roundtable who wanted to take action on the housing crisis. We have been facilitating the group to help them determine the action they want to take, building their capacity to organize and achieve meaningful change. We have participants from Fergus, Elora and Erin. One of our participants is a farmer who sees his workers struggling to secure affordable housing. **Who will take action if not us?**

# WE HAVE THE POWER TO MAKE CHANGE

## Donate time

## Donate treasure

## Donate talent

Your time is invaluable to our movement. As we work to get our Foodbelt flyer to every door in our riding, we could use your help. You can walk with a friend or walk your dog and deliver flyers. You can ride your bike along rural routes and stop in at farms to talk about the Foodbelt as the weather gets nicer. We table at many events across the riding and would love for you to join us to talk to people and inspire them with what the Ontario Greens have to offer: sound leadership, strong fiscal responsibility, and a heart for social and eco justice. Politics can be done differently! Check out the calendar on our website at [whhgreens.ca](http://whhgreens.ca) to RSVP, or email us.

What a gift to donate your talent to making our community a better place. We know that people are busy, but as the world burns, do you want to stand with us in doing something about it? In this issue, we are calling out to everyone who has knowledge and skills in communications. Do you like to write? Do you have a favourite platform on social media? Are you a photographer? Our communications are for connecting with our community and we need more voices, more perspectives, more hands on deck too! If you'd like to contribute in this way, please email us at [whh@gpo.ca](mailto:whh@gpo.ca).

Not all of us have time, although it goes without saying that we all have talent. If your talent means you have treasure to share, your donations also help us with our work of building towards the next election as we work on issues that connect to shared values across the riding. We are also diligently saving to be ready for a powerful election campaign. A good way to share your treasure at this time of year is to sign up to be a monthly donor. This helps us with our operating costs as a constituency association, such as covering the fees to get our taxes filed. We appreciate every gift we receive. You can sign up as a monthly donor at [gpo.ca](http://gpo.ca).
